Dear Mel:

As you know, for some time now, I have been concerned with the national campaign that has been launched on the issue of term limitations. My concern has been that limiting terms does not address incumbent advantages, but in fact restricts the rights and choices of voters.

In addition, the supporters of a budget con con are the same groups that are now pushing for a convention on the terms issue.

Given these facts, I have decided to resign as President of Citizens, effective immediately, and pursue the development of a national coalition to oppose term limitations. In my new position I will continue my efforts against con con, but will also take an active role in the term limitations issue.

You may expect to hear from my successor as to the status of state con con resolutions and future Citizens activities.

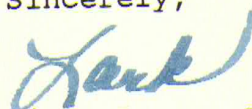

Please accept my deep appreciation for allowing me the opportunity of working with you for the past several years, and for your sound advice, guidance, generous cooperation and most importantly your goodwill.

As I embark on this new endeavor, I would also like to invite you to lend your support to prevent restrictions on the rights of voters and keep the election proces open and competitive.

My very best regards,

Sincerely,

Linda Rogers-Kingsbury  
President

*We are going to continue doing good things! I look forward to it!!!*
